

## UNT on the Square

Overall Square footage – 1,980

Running feet of exhibition space- 178'- 238' depending on how the space is defined

There are anywhere from 2 to 4 definable space depending on how the furniture and moveable walls are used. The front door and reception desk help define a front gallery space that is about 15' deep and 23' 6" wide with limited hanging space. Directly behind the reception desk, the main gallery area is about 54' deep, 23' 6" wide and can incorporate all the moveable walls. The rear of space serves as more multi-use meeting space but can support exhibitions if needed.

Under optimal conditions you're are looking at a central exhibition area that is about 1,300 square feet with 110 running feet of wall 11' tall and an additional 50 running feet of 8' tall wall space if you choose to use the moveable wall. Light plan appears very flexible, power is available on both long walls about every 12' and in 3 locations in the center of the floor.
